UNDERSTANDING YOUR HAIR & SCALP

HAIR STRUCTURE

It is a collection of different layers. The cuticle is the outermost layer. It is made of overlapping scales. It is the hardest part of the hair. It is the layer that gives hair its shine and strength.

HAIR CAN BE DIVIDED INTO TWO PARTS

THE FOLLICLE

The follicle is the part of the hair that is embedded in the scalp.

The hair root is the part of the hair that is embedded in the scalp. It is the part of the hair that is growing.

The hair shaft is the part of the hair that is above the scalp. It is the part of the hair that is visible.

THE SHAFT

The shaft is the part of the hair that is above the scalp.

The hair shaft is made up of three layers: the cuticle, the cortex, and the medulla.

The cuticle is the outermost layer. It is made of overlapping scales.

The cortex is the middle layer. It is made of long, thin cells.

The medulla is the innermost layer. It is made of a central core.

UNDERSTANDING YOUR SCALP

The scalp is the part of the head that is covered by hair. It is the part of the head that is visible. The scalp is made up of skin, hair, and blood vessels. The scalp is the part of the head that is the most sensitive. It is the part of the head that is the most vulnerable. It is the part of the head that is the most important.

THE MORE MELANIN YOUR HAIR HAS, THE DARKER ITS COLOUR. HOW MUCH MELANIN YOU HAVE DEPENDS ON YOUR GENES, BUT IF YOU ARE BORN WITH LIGHT HAIR, IT USUALLY GETS DARKER AS YOU GET OLDER. WHEN YOU GET MUCH OLDER, YOUR HAIR WILL TURN GRAY OR WHITE DUE TO LESS MELANIN PRODUCTION WHICH MAKES HAIR LOSE ITS COLOUR.

HAIR CHALLENGES

WHAT IS HAIR OILINESS?

Oily or greasy hair is when your hair has too much oil. It is caused by too much sebum production. Sebum is a natural oil that is produced by the sebaceous glands in the scalp. It is the part of the hair that is the most sensitive. It is the part of the hair that is the most vulnerable. It is the part of the hair that is the most important.

WHO IS LIKELY TO HAVE OILY HAIR?

- People with a high sebum production rate.
- People with a high sebum production rate.
- People with a high sebum production rate.

WHAT CAUSES OILY HAIR?

There are many reasons why hair can become oily. It can be caused by too much sebum production. It can be caused by too much oil on the scalp. It can be caused by too much oil on the hair. It can be caused by too much oil on the scalp. It can be caused by too much oil on the hair. It can be caused by too much oil on the scalp. It can be caused by too much oil on the hair.

HOW E-KERATIN HELPS

When you use E-KERATIN, it helps to reduce the amount of sebum on the scalp and hair. It helps to reduce the amount of oil on the scalp and hair. It helps to reduce the amount of oil on the scalp and hair. It helps to reduce the amount of oil on the scalp and hair.

Need Roller Shutters for your Home or Business?

Book a free inspection visit

Fast-Fix Workforce

Whether you want to add a safety shutter to your home or keep the afternoon sun out, our fast response time helps you get your shutter or accessories going.

Free Quote

Need a quote for some roller shutters or other garage door or door? We'll be happy to help you find the right shutter, roller shutter, or other accessories.

Best Warranty

When many companies leave it up to you, we offer a warranty on our shutters. We'll be happy to help you find the right shutter, roller shutter, or other accessories.

Our Products

View all products

Why Roller Shutters

Security

Thieves look for an easy and fast way in and out of a building. Shutters are not something they want to deal with. Shutters provide security from intruders.

Weather Insulation

Our product range blocks up to 75% of the heat or cooling loss. We not only keep the summer heat out but we can help keep winter heat in.

Noise Reduction

Noise pollution invades your environment? Noise from outside sources is transformed through window glass at a high transfer rate. All Concrete Shutter products block up to 35 decibels.

Energy Saving

75% of your heat and 45% of your air conditioning is leaving your home through your doors and windows. We can help you keep it in your home.

Variety

Whether you're looking for a roller shutter or a top roller shutter, we can help you find the right shutter for your home.

Light Control

Even full natural light is completely blocked. You decide the amount of light entering your home.
